

# AGE bright spot fader

## description

A two-in-one brightening spot treatment that reduces the appearance of active breakouts and post-breakout marks.

## key benefits

- Reduces breakouts to help clear skin.
- Brightens and fades pigmentation.
- Reduces the appearance of skin aging.

## key ingredients

- **Salicylic Acid**, a Beta Hydroxy Acid, reduces breakouts to clear skin.
- **AGE Bright™ Complex** reduces visible skin aging and helps prevent over-drying of the skin. Contains Terpineol (isolated from Pinus Sylvestris, or Pine Oil), Thymol (from Thymus Vulgaris, or Thyme), and Niacinamide (Vitamin B<sub>3</sub>).
- **Hexylresorcinol** works synergistically with **Niacinamide** in AGE Bright™ Complex to fade post-breakout marks (post-inflammatory hyperpigmentation), improving uneven skin tone.

## how to use it

Apply directly upon first sign of breakout. Reapply twice a day until spot fades.

## product system

Active Clearing

## what it goes best with

AGE Bright™ Clearing Serum, Oil Free Matte SPF30
