

## fact sheet

# phyto replenish body oil

### description

Replenish, calm and moisturize with this antioxidant-rich blend of skin-nourishing oils. French Plum Seed Oil, Avocado Oil and Sunflower Seed Oil are rich in skin-replenishing Omega Fatty Acids such as Linoleic, Linolenic and Oleic Acid plus Vitamin E to help protect skin's lipid barrier. Infused with calming Fermented Red Ginseng – inspired by Korean skin care rituals – this body oil calms and nourishes to deliver glowing skin. Lightly infused with bright Bergamot, Neroli and Orange along with relaxing aromas of Patchouli and Sandalwood, it leaves skin soft and delicately scented.

## frequently asked questions

### **What skin condition can benefit from these products?**

The Dermalogica Body collection is part of the Daily Skin Health line, and is suitable for all skin conditions.

### **Are these products replacing any existing products?**

Conditioning Body Wash and Body Hydrating Cream's formulas have been improved, and the new versions will replace the existing formulas but will look and feel the same.

### **How often should my client use these products?**

Conditioning Body Wash, Body Hydrating Cream and Phyto Replenish Body Oil are all designed to be used daily or as needed. Thermafoliant Body Scrub can be used up to 2-3 times per week.

### **What makes Body Hydrating Cream different from Phyto Replenish Body Oil?**

While these two products complement each other, they serve different functions for the skin: Body Hydrating Cream is a medium-weight, conditioning lotion that delivers daily hydration to the skin. Phyto Replenish Body Oil is rich in skin-replenishing oils that help restore skin's lipid barrier and can help prevent ongoing dehydration.

### **Should I advise clients to apply Phyto Replenish Body Oil to their entire body? How should this product be used?**

One of the best things about this product is its versatility. Encourage clients to use it as they see fit – either as a full-body treatment, or by massaging just a bit into dry areas like elbows, knees and hands. (Be sure to remind them that a little goes a long way!)

### **Can Thermafoliant Body Scrub be used with a body buffing tool?**

Yes, it can! Be sure to use gentle pressure, as Thermafoliant Body Scrub is highly active.

### **In what order should clients use the products in the Dermalogica Body Collection?**

If clients are using the entire collection at once, products should be used in the following order for optimal results: Conditioning Body Wash, Thermafoliant Body Scrub, Phyto Replenish Body Oil, then Body Hydrating Cream.

### **Why does the Dermalogica Body Collection packaging have a new look?**

Dermalogica Body's restorative, multi-sensorial formulas – along with the fact that the collection is suited to all skin conditions – makes it ideal for gifting. The elevated packaging is designed to reflect the collection's roots in centuries of time-honored bathing rituals, and includes an area where clients can add a handwritten gift note if desired.
