

## pro bright 10 (10 minutes)

(5 min)	<b>PreCleanse</b> <b>Special Cleansing Gel</b> power up option: Skin Resurfacing Cleanser	Cleanse the skin by applying 2 pumps of <b>PreCleanse</b> to damp esthetic wipes and wipe over the skin to remove makeup and debris.  Mix <b>Special Cleansing Gel</b> with a small amount of water into a cup. Apply with a fan masque brush to face and neck. Using fingertips, work over the skin. Remove with damp esthetic wipes or steamed towel.
(3 min)	<b>Exfoliant Accelerator 35 +</b> <b>Daily Microfoliant</b>	Mix ½ tsp of <b>Daily Microfoliant</b> with small amount of water in a cup to create a foamy consistency. Add 1-2 pumps of <b>Exfoliant Accelerator 35</b> to the cup. Mix and apply evenly over the face and neck, avoiding the eyes with a fan masque brush. Work over the skin with fingertips in small circular movements. Remove with steamed towel.
(2 min)	<b>Antioxidant Hydramist</b> <b>BioLumin-C Eye Serum</b> <b>Dynamic Skin Recovery SPF50</b>	Apply <b>Antioxidant Hydramist</b> followed by <b>BioLumin-C Serum</b> to the face and neck. Apply <b>BioLumin-C Eye Serum</b> to the eye area, followed by <b>Dynamic Skin Recovery SPF50</b> . Review at-home product use with client. <div> <div> <i>suggested home care:</i>  <b>lackluster &amp; dull skin:</b>            BioLumin-C Serum            BioLumin-C Eye Serum            BioLumin-C Gel Moisturizer            Dynamis Skin Recovery SPF50         </div> <div> <b>hyperpigmentation:</b>            PowerBright Dark Spot Serum            PowerBright Moisturizer SPF50            PowerBright Overnight Cream         </div> </div>

**Follow up:** Complete a post-treatment consultation and record your treatment notes. Prebook client for their next treatment, reviewing service menu options. Review home care recommendations to address your guest's needs. Refer to [dermalogicathebook.com](http://dermalogicathebook.com) for further retail suggestions and product descriptions.

## pro bright eyes 10 (10 minutes)

(2 min)	<b>PreCleanse</b> <b>Special Cleansing Gel</b>	Cleanse the eye area by applying 2 pumps of <b>PreCleanse</b> to damp esthetic wipes. If the client has lash extensions, opt for Special Cleansing Gel.  Mix <b>Special Cleansing Gel</b> with a small amount of water into a cup. Apply with a fan masque brush around the eye area. Using fingertips, work over the skin. Remove with damp esthetic wipes.
(3 min)	<b>Conductive Masque Base</b> <b>Antioxidant Hydramist</b>	Apply a thin layer of <b>Conductive Masque Base</b> around the eyes with a fan masque brush. Let rest for 1-2 minutes. Remove residue with damp esthetic wipes. Lightly mist <b>Antioxidant Hydramist</b> over the skin.
(4 min)	<b>BioLumin-C Eye Serum</b>	Apply a small amount of <b>BioLumin-C Serum</b> around one eye. Gently smooth with fingertips and perform acupressure movements. Once complete, repeat application and acupressure on the opposite eye.  <b>Lift:</b> press and lift at the inner point of the eyebrow. Hold the lift for 1-2 seconds and then gently glide around and beneath the eye 3x and then back to the brow. Move to the center of the brow and press, lift and then glide 3x. Finish at the end of the brow and press, lift and then glide 3x. <b>De-puff:</b> gently circle under the eye, from the outer corner to the inner corner. Glide/smooth back toward the outer corner. Repeat 3 times.
(1 min)	Option: <b>BioLumin-C Serum</b> <b>Dynamic Skin Recovery SPF50</b>	Option: This 10-minute protocol can be performed on just the eye area, or the entire face. For face Dermal Layering, we recommend <b>BioLumin-C Serum</b> and <b>Dynamic Skin Recovery SPF50</b> . <div> <div> <i>suggested home care:</i>            BioLumin-C Serum            BioLumin-C Eye Serum            BioLumin-C Gel Moisturizer         </div> <div>           Phyto Nature Lifting Eye Cream            Phyto Nature Firming Serum            Phyto Nature Oxygen Cream         </div> </div>
